**Attachments:** Chem Sector 114 Letter Template+mt010522.docx; PCWP\_ICR\_Letter\_Draft\_1-3-21+mt010522.docx

FYI. Here's the draft letter we were going to use as a template for our chem sector 114 and a few of the questions Mike was asking about.

Thanks, Andrew. Attached are some minor edits and a couple comments. Also attached is a commented upon version of a similar letter that Katie Hanks is doing for plywood. It has some pieces that may be relevant for us, too (e.g., more on how we treat claimed CBI, use of contractors, etc.).

Hi Mike,

Happy New Year and hope you had a great trip overseas! I just wanted to share with you a draft of the generic chem sector CAA section 114 letter Penny will sign to see if you have any further edits/comments before we generate the specific letters for all 8 entities (since I figured review of 1 document would be easiest). It follows the same general template as the EtO Sterilizer ICR letter Penny signed for the various entities there, so am assuming your review will be pretty quick. Thanks!
